CAMELLIA CUTTING PRICE LIST and ORDER FORM

The following are new low prices of Camellia Cuttings, ranging from 1½c to 25c each, and are effective ~~20 August 1949~~. Use this convenient form for making out your order. Keep a copy for your record. We will send you free rooting instructions with your order and also another order form. If you are not familiar with variety names, see the special offers at the end of this list and also the Class C group which lists varieties by colors and bloom form only. All Camellia Cuttings are shipped packed in damp spagnum moss in corrugated cartons, which insures safe arrival.

SPECIAL OFFERS:

No. 1: 100 Assorted Class A cuttings (4 varieties, labeled) sent postpaid for \$4.95.

No. 2: 100 mixed cuttings (not labeled) for \$2.45, postpaid.

No. 3: Twenty-five assorted Class A cuttings (3 varieties, each labeled) for \$1.65, post-paid.

HOW TO FIGURE YOUR TOTAL COST

Put down on the list the quantity (number) of cuttings desired of each variety. Add up these numbers in each column and then put down the total number of cuttings of that Group or Class in the space provided. Put down the number of varieties (if any) in that Group or Class where less than the minimum number has been ordered, and figure the variety service charge at 10 cents a variety. (It is necessary to add a variety service charge to orders smaller than the minimum specified for each variety to enable us to pay for the high labor costs of getting only a few cuttings of each variety). Add the variety charge (if any) to the cost of the cuttings, and you have the total amount for that Group or Class.

Now transfer these total amounts at the foot of each Group or Class to the COST SUMMARY below. If the total order is for more than \$10.00 we pay the packing and postage costs. If the total order is for less than \$10.00, add 75¢ for packing and postage costs, and you have the GRAND TOTAL, which is the amount to remit. Terms cash with order (except where credit ratings have been established with us). No C.O.D. please.

READ THE DIRECTIONS FOR FIGURING YOUR COSTS, WHICH ARE IN THE RIGHT HAND COLUMN.

In reply to the question frequently asked us as to when to put in Camellia Cuttings, we advise that Camellia Cuttings can be put in as soon after each one of the three growths is sufficiently mature, and before new growth has started again. We put in Camellia Cuttings to root, from the latter part of May to the early part of the following March. From June to the following February is perhaps the safest period for putting in Camellia Cuttings.

We sell only those cuttings which are in a state of maturity which we consider right for use in our own propagating beds. We will eliminate from your order the cuttings of the varieties which we consider are not in shape to cut at the time your order is received, and request that you indicate on your ORDER FORM on the back page whether you wish us to ship them later when available, or if you wish substitutions to be made (and if so what substitutions), or if you wish a refund for the varieties not currently available.

We can not only supply you with Camellia Cuttings, but also with Rooted Camellia Cuttings, Camellia Liners, Lath Grown Camellias, and big Field Grown Camellias from three to ten feet tall, of which we have over 100 varieties from 10 to 25 years old. We can supply you with Azaleas, and Shrubs in general. Please write us what you would like to have. It will be a pleasure to serve you.

ORDER FORM

(Date)

SUNNY KNOLL NURSERY

Rt. 2, Box 182

Mobile, Ala.

Please ship the Camellia Cuttings as indicated on the foregoing list. I enclose \$-----
which I figured in the Cost Summary as my total cost.

Should any of the varieties I have ordered be not now available, please

- ☐ () Substitute other varieties in the same Group.
- ☐ () Substitute other varieties of the same color in the same Group.
- ☐ () Substitute other varieties of the same color in the same or a lower Group, and refund me any difference.
- ☐ () Send what is available now and send those not now available later.
- ☐ () Substitute the varieties which I have marked "2nd Choice."
- ☐ () Send me a refund for varieties not currently available.

The address to which I wish the cuttings sent is
